

# Training: **Mastering Vacuum Technologies:** **Expert-Led Training at SFU.**

## **Training details:**

Date: February 2nd, 2026

Time: 9:00 am to 3:00 pm

Location: **Simon Fraser Univ.**

Room: SSB 7172  
8888 University Dr  
W, Burnaby, BC  
V5A 1S6

Lunch: Pizza will be served

This hands-on training is designed for professionals and students looking to enhance their understanding of vacuum technologies and real-world applications, providing practical insights in a collaborative university lab environment.

This training is completely free of charge and offers a valuable opportunity to build technical knowledge, ask questions, and connect with industry peers

Here is the training agenda at a glance:

- Vacuum Theory/Science
- Vacuum Generation (Rough, High and Ultra-High vacuum pumps)
- Pump Maintenance
- Materials, Components
- Gas Analysis
- Leak Detection
- Best Practices
